

# International Journal of Gas Turbine, Propulsion and Power Systems

October 2007, Volume 1, Number 1

## CONTENTS

➤ Preface 

➤ Technical Papers

1. “Energy Situation and Related Technology Development in Japan”  
Kiichiro Ogawa 
2. “Development of Gas Turbine Combustor for Each Gasified Fuel and  
Prospect of High-efficiency Generation of Various Resources”  
Takeharu Hasegawa 
3. “Numerical Study on Flow Induced Vibration of LOX Post in Liquid  
Rocket Engine Preburner”  
Chihiro Inoue, Toshinori Watanabe, Takehiro Himeno 
4. “Development of Prediction Method of Boundary Layer Bypass Transition  
using Intermittency Transport Equation”  
Most. Nasrin Akhter, Ken-ichi Funazaki
